OEM & RETROFIT SOLUTIONS FOR MV INSTRUMENT TRANSFORMERS UP TO 36 kV

RESIN CAST CT AND PT (UP TO 36kV)

- First in India to develop an import-substitute 25 kV locomotive-mounted primary current transformer.
- First in India to develop a 0 dB acoustic discharge HT current transformer.
- Annual production capacity of 25,000+ CTs and PTs, backed by over 30 years of design and manufacturing experience.
- Customized retrofit solutions for all makes of CTs and PTs, including imported and obsolete models.

Three-Phase Resin Cast PT (Up to 12 kV)

25 kV Locomotive-mounted Primary Current Transformer

Services Offered

- Online condition monitoring of sub-station equipment
- Complete routine testing at site
- Overhauling of complete sub-station equipment
- Repair, replacement, and retrofitting of complete sub-station equipment
- Tailor-made spare components for imported, complex, and obsolete sub-station equipment

Unique Strengths (USP)

- Over four decades of experience in power distribution
- Ready-to-deploy skilled engineers and technicians with strong hands-on expertise
- 100% problem rectification on a war-footing basis
- Customized and cost-effective solutions based on equipment health, site conditions, operator suitability, and local environment
- Solutions for any and all makes of equipment—both Indian and international
